"This is what I really like, lots of stuff in a bag."

"Deciding has me standing on my head."

"Do you think she'd like this one better?"

"This horsie is the only thing I want."

Young shoppers enjoy pre-Christmas rush.

Now With F.M.L.

This time of year we are reminded that gallantry is strength and that knowing how to take it is perhaps more important than how to dish it out.

We thank, again, all those who find The Herald's role as ombudsman a journalistic service, easily more difficult than all the posturing in print and electronic image the public tires of in politicians, media and pseudo-leadership of the nation's many antagonistic movements.

NOW-NOW-NOW

No one is more certain than one who isolates one grain of fact or one slice of truth. His certainty is equally as difficult to live with. It is absolutely dumbfounding how often people bellow or quake through their lives, (choose your own poison), having to live almost vicariously to their graying years before trial and error calms them down.

Once reached, this arrival is called maturity. It is enjoyed too short a time by most, recalling the cliché: "Too soon grow old, too late grow smart."

NOW-NOW-NOW

How much is missed along the way.

The simple silence of a child's

smile at a Christmas toy, the unadorned thrust in a man's chest when that child, his, looks up and says: "Look what Santa brought!"

The crystal glitter shimmered "first class" when diamond brilliance, yet unearthen, goes unrecognized. Great strength under pressure.

A lighter step a crisper handshake when once there was none, a late leaf coloring a brief spiral to the ground, a cottony cloud filtering a sun's ray to a spot of light amidst shadow.

A unity always there, but disjointed by hurry and disaffection, taken by manic desire to stand atop the heap.

It is possible to be a great human, and important that some of us lead, but the greatest leap is still a man's leap, hardly any distance toward deity.

In our world, the great might will be small and is vice versa. Consider the small. It is the stuff of life.

LIBRARY EVENING HOURS

The Cameron Public Library will not be open on Tuesday and Thursday evenings during the next two weeks. Evening hours will resume on January 6, 1970.

Buckholts Running Back ...

Haisler Joins All-Stars

By Alan Barkemeyer

Norman Haisler, outstanding senior running back for the District 10B runner-up Buckholts Badgers, has been named to play in the Texas All-Star game in August. He becomes the 6th Badger player to be named to the All-Star squad. "It's a great honor to play in the All-Star game, I'm glad I was chosen and I'm looking forward to playing in the game." Those were Haisler's comments after receiving the announcement, which came as a part of the unveiling of the 1969 District 10B All-District teams. Along with Haisler, Milano's Bruce Coldiron and Jonesboro's Dale Sommerfeld will also be among the district's all-star representatives.

Haisler was also chosen on the All-District team, for the third straight year. And besides his special team honors, Haisler led the Badgers in seven of the 11 statistical categories this past season, as Buckholts won second place in the district with a 10-1 league record and a 5-4-3 season chart.

Haisler was the leading rusher and scorer, gaining 137 yards on 12 attempts and scoring 142 points on 23 touchdowns and four conversions. He led the team in passing, completing 22 of 43 attempts for 251 yards and four touchdowns and had only 1 pass intercepted.

Haisler also was the top man

in the punting and punt return departments, gaining an average of 13.4 yards on 10 returns and booting the ball for a 26.9 yard average. On total return yardage,

Norman Haisler

Homes Ready To Welcome Holiday

Merry Christmas From The Herald

The Herald presents its annual Christmas edition with special features, stories, and of course, children's letters to Santa.

You will find the letters in the special section of this issue along with holiday greetings from Cameron and Milam area businesses.

The Herald staff adds its wishes to all our readers for a Merry Christmas and a Happy New Year. Good wishes from editor Frank Luecke and wife Jan, Bess Jeter, Irene Chamberlain, Clydel Seaton, George Jones, James Barrett, Clyde and Wayne Jistel, Charles McAttee, Danny Robbins, and "Matu" Matlock.

CITY, COUNTY HOLIDAYS

City and County offices will be closed during the Christmas holidays, December 25 through 28.

Year-End Drilling Gets Underway

The Milano area continues to be the location for drilling activity in Milam County with two more wildcats scheduled for that section late last week as the year end drilling boom gets underway.

Both new wildcats will be drilled by David M. Thomas, Jr., an independent operator of Farmington, New Mexico. They are located about three and one-quarter miles southeast of Milano, and are his No. 1 Coleman and Wallace Beard and No. 1 J. Robert Bailey.

The Beard is located on a 99 acre lease in Jam's Weich survey. Permit depth is 4,000 feet. The drillsite is 4,750 feet south-southwest of the Byron Rose No. 1 Hay Woods, discovery well that opened the new Cherokee Navaho field in October.

The Bailey — also scheduled as a 4,000 footer — is located on a 140 acre lease in J. Cottle survey. It is about one-quarter mile from the Beard location, and the discovery well, made 83 barrels approximately one and one-half miles south-southwest of the Cherokee Navaho Field.

Courthouse Elevator 'Jails' Sheriff Black

If you're a sheriff and you have to get stuck in an elevator with three prisoners, it does help to "know 'em all."

That's what Sheriff Carl Black said about the three men who were with him when the Milam Courthouse elevator doors refused to open Friday morning.

Sheriff Black was taking the three up to the courtroom on the third floor when the incident happened. He rang the bell inside the elevator and County Auditor John Andres produced the key to release.

The sheriff brushed off any comment about fear; he said, "It was just for five or ten minutes and I wasn't worried, because I knew 'em all."

ALCOAN TRANSFERS

Rollie C. Ashurst, Ingot Plant superintendent at Alcoa's Rockdale Works, will be transferred to Cressona, Pa. Works as ingot superintendent effective Feb. 1, 1970. New Rockdale works ingot plant superintendent will be J. D. Shinn of Pittsburgh, a former Rockdale engineer.

Both of Thomas' wildcats are believed to have the Navarro as their objective, since the wells in the nearby Cherokee Field produce from that formation.

Byron Rose's No. 1 Hay Woods, the discovery well, made 65 barrels per day on potential test, and his No. 2 Woods also is a good producer. Rose drilled his No. 3 Woods several weeks ago and reportedly has staked location for his No. 4 on the 160 acre Woods lease.

CAMERON TOPS BLOOD QUOTA

PI CAMERON 1-14 CAPS

"It was a wonderful gift to give at Christmas time, said Sister Aloysius, expressing appreciation to donors who gave blood on Wednesday.

The local blood program chairman said 72 units had been collected at the Bloodmobile visit, one unit over Cameron's quota of 71.

"We want those donors to realize they may have saved a life," she added.

Door prize winners were Eugene Cannon, first prize of \$500 Gold Bond stamps; Max Shumate, 3,000 stamps and Joe Zarosky, 2,000.

City Deposits \$13,546 From Tax Receipts

Cameron deposited a \$13,546.24 check from the State comptroller into the city's general fund this month, for sales tax receipts during the quarter ending September 30.

The amount shows an increase over receipts for the same quarter in 1968, which totaled \$11,543.81.

Cameron voters approved the city sales tax in April, 1968, and the first year's sales tax income exceeded the city's \$35,000 estimate. The present city budget estimates income of \$45,000 from sales tax receipts.

That's a lot of pennies.

HANGING MISTLETOE

Hanging mistletoe in the home is a tradition which originated with Druid priests. These ancients believed the plant was a sign of peace and hope.

DECORATIONS SPARK NIGHT SCENES HERE

Holiday lights shine, twinkle, and delight passersby in residential sections of Cameron this Christmas eve.

Providing a decorative approach to Cameron is the tall tree wrapped in Christmas color at the Richard Williams and Lester Williams homes on the Temple highway.

Outdoor lights outline several homes in the Country Club edition and along North Jackson. On E. Eighth, Street twinkling lights on bare white branches flank the entry to the John Schigut home. One block away, at 708 E. Eighth, the Roy Boutwells have combined indoor and outdoor lights for a special Christmas effect. A bigger than life Santa watches from a window at 80 E. Eighth.

Santa, Mrs. Claus and helpers in life-size replica form a lighted children's Christmas scene at the home of Dr. W. R. Newton on N. Jackson.

Another special lighting effect on N. Jackson can be seen at the J. J. Heitman home. The Three Wises men are spotlighted in the Heitman's front window and at the entry a swag of fruit and greenery with nutting door wreath are outlined with colored Christmas lights.

Another creative outdoor lighting effect is the Christmas tree outlined with colored lights on the ivy covered chimney at the Harry Tag home on East Eleventh.

Mrs. McCasland Is 1st County Candidate

Mrs. Dora McCasland has filed for re-election as Commissioner of Precinct 4, according to Max McClaren, Milam County Democratic chairman.

Mrs. McCasland won a two-year term in 1968 to fill the unexpired term of her late husband, R. H. McCasland. She serves the Thorndale area of the county.

McClaren said this is the first time a Milam County candidate had filed before Christmas during his tenure as county chairman. Application blanks for filing may be obtained from McClaren at his office at the radio station or his residence, 1,02 East 16th St. in Cameron.

Old Cameron Newspaper Recalls 1938 Christmas

"Kids want more and more every Christmas", is a familiar phrase heard about this time of year. A 1938 edition of The Cameron Enterprise suggests that kids really haven't changed much.

Biggest difference noted is the requests for fruit and candy, now replaced by wishes for a Johnny Astronaut or walking, talking, twisting Barbie doll.

That year Cameron celebrated Christmas with a program the night of December 22 on the Courthouse square. The Chamber of Commerce erected a twenty-foot-high Christmas tree and provided 2,500 bags of fruit and candy for Santa to give to children under 12.

The yule tree was formed from a tall center pole with cedar limbs and branches fastened to form "as perfect a tree as Santa cares to see." The Cameron High School Band played Christmas music, speakers made brief Yuletide addresses and local church choirs combined to present an evening of Christmas carols.

Another difference noted was a holiday traffic safety report. In Texas, 1,278 had been killed in traffic accidents as the 1938 Christmas holiday began. This year the traffic death toll is expected to be one quarter million persons killed and injured.

A sampling of Santa letters in memories, win arguments for the

writers children, and be fun to read:

Dear Santa,
I am eight years old. Please bring me a big bang cannon, 98 cents.

Billy Spiegel

Dear Santa,
I am girl nine years old. I go to the Methodist Church and I need a Bible. I would also like a pair of skates, a few books, and a baby Brownie Kodak.

Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

More Than Dilemma . . .

A paradox develops among area school districts. Hearne defeated 3 to 1 a \$595,000 bond issue to enlarge schools there to accommodate classes.

Georgetown, using a different tact for improvement, called for bids on time warrants and found no bidders.

Waco has bonds authorized for sale for school expansion, and few buyers at tremendous interest.

It seems a moratorium of another

kind is needed to meet obvious finance need among schools and other critical public construction as well as housing for burgeoning population.

Washington and Austin should continue to study what measures can flatten an inflation spiral without stymieing the essentials of a modern society.

Modern schools, an essence of such a society, face hydra.

It is more than a dilemma.

What Others Say . . .

Britain's Postal Reform . . .

Great Britain found that its post of fice system, which includes telephones, had turned from an efficient operation of centuries to a rundown, inefficient one under nationalization.

So, the British did something about it. On Oct. 1, the government turned the postal system over to a public corporation, dedicated to efficiency—and profit-making. It will have to show a return on capital investment, something it has not done in its 312 years of operation.

That is similar to what Presidents Johnson and Nixon have proposed to Congress for our deficit-ridden post office, which is also dreadfully inefficient and getting worse, if swift service is considered a criterion.

Britain has taken itself completely out of the postal operation and the new corporation, with its 400,000 employees, will become the island's largest civilian employer. That is two per cent of the working population.

If a profit is to be made, it will have to come through efficiency, or from increased postal rates. Britain's civil service system had been commended around the world for its ability, but the emergence of the public corporation plan seeks to improve that.

The United States will, at least, get a working lesson on how a public corporation could perform as efforts to improve our own system go on.—Philadelphia Bulletin.

A TIME FOR REFLECTION

New Draft System Told

Editor's note: Below are questions now being asked at draft boards about the new Random Selection System prescribed by the President November 26, 1969. The answers are by Colonel Morris S. Schwartz, State Selective Service director.

Q—Would you explain the drawing?

A—On December 1, there was a drawing in Washington of 366 closed capsules in each of which was a slip of paper on which was written a month and day of the year, for example, May 2, June 1, etc. The order in which these capsules were drawn determines the relative position in the national random sequence of registrants born on all the dates of the year including February 29. As September 14 was drawn first, all men born on September 14 are No. 1 in the national random sequence. As June 8 was drawn last, all men with that birthday are No. 366 in the national random sequence.

Q—How will this sequence be used by local boards?

A—Each local board will assign numbers to its registrants who are in I-A or who become I-A in accord with the national sequence. Some local boards may not have at any one time men with birthdays on every day. In such a case the local board would go to the next number. For instance, it might call numbers 1

through 5, then 7 and 8 because it had no men whose birthdays were on the day drawn sixth in the drawing.

Q—Why is there a drawing of the alphabet?

A—This drawing randomized the alphabet so that in case a local board had two or more men with the same birthday and was required to order one but not all of them for a call, it has a way to determine which comes first, second, etc., by applying the random alphabet to the names. In the drawing of December 1, 1969, the letter "J" was drawn first. So men whose names begin with "J" would be called first by the local board among men with the same number from the birthday drawing.

Q—Does everybody get a number out of the first lottery?

A—No—the first drawing will determine the random sequence number only for those men who prior to January 1, 1970, had attained age 19, and not 26. Besides that, the number in which his birthday is drawn will not mean anything until he is classified I-A or I-A-O. Some men in the group who eventually will get a number out of the first drawing may not become I-A until next year or later. In that case, his number will determine his order in the national sequence in use that year. For example, if his birthday is drawn No. 80, and he is now deferred for college, but loses his college deferment in June 1971, he will be No. 80 in the national random sequence in use that year.

Q—How do new 19-year-olds get a number?

A—Before the end of 1970, a drawing of the 366 days of the year will be held. This drawing will determine the national random sequence to be used in 1971. The only registrants who would look to that drawing to determine where they stand in the national random sequence are those who turned 19 during 1970.

FOR CHRISTMAS GIFTS

'TIS THE SEASON TO BE JOLLY, BUT NOT DRUNK

AUSTIN
"A few carefree drinks can kill you" warns the Texas Safety Association.

Texans at Christmas can at least double their chances for survival and a happy holiday by not riding in the car with a drunk driver and by not being a drunk driver or walker themselves.

Records show that a driver is 25 times more apt to crash when he is drunk.

Drinking drivers will easily cause half the holiday smashups, fatalities and injuries as predicted by national studies.

Furthermore, one out of two pedestrians killed by autos will be drunk, no matter if the fatal driver is sober.

How much is too much? Perhaps any or none, but medical authorities say it only takes three one-ounce shots of 80-proof whiskey, or three 12-ounce beers, to put a 150-pound individual into the fuzzy-brained alcoholic danger zone.

Five shots in an hour definitely make him a dangerous drunk, for that amount causes a concentration of one-tenth of one percent by blood-volume weight, and that's too much! Driver or pedestrian, the drinker is now an abnormal traffic hazard.

Attorney George Wm. Perry of Dallas, president of the Texas Safety Association, in a special Yule message states that "we are not encouraging people to drink and then drive. Quite the contrary, we must emphasize that driving in holiday traffic takes a person's full attention and even a small amount of alcohol in the bloodstream changes perceptions, attitudes and reactions to create a potentially dangerous situation that follows you like a shadow."

COFFEE NO HELP

"There are no short cuts to sobriety as we've said before. Black coffee given to heavy drinkers can have the questionable effect of keeping wide-awake drunks on the road."

"However, we realize that some people will drink and drive during the holidays. To those so foolish I want to point out just how little alcohol is needed to reduce driving efficiency, how long it takes to eliminate alcohol from your system, and stress that you can choose to have a clear head."

Six ounces of 80-proof in an hour is a very dangerous overdose for a normal healthy adult weighing 180 pounds.

Four shots is too much for safe

driving in a 120-pound adult, and two ounces impairs performance.

Authorities say tolerances may be much less for people in poor physical condition, and may vary in any case.

Perry cautions that "a little drink can go a long way". It takes over six hours to eliminate all alcohol from the bloodstream of a 150-pound drunk who had five quick drinks on an empty stomach.

"The Christmas holidays should be fun days and not days darkened by traffic tragedies. If all Texans will stay sober in public and drive friendly, Christmas 1969 can go on the record book as a time when Texans proved they really cared about their neighbors," Perry concluded.

Former Yoemen Share Army Life

Two former Yoemen who graduated in May are sharing Army life nowadays. Bobby Taplin and Gregory Williams, both of Cameron, have completed eight weeks of basic training at Fort Bliss.

They have been assigned to B Company, 3d Battalion, 3d Basic Combat Training Brigade.

Bobby is the son of Mrs. Dorothy Mae Melvin and Greg is the son of Mrs. Ernestine Williams, both of Cameron.

The young men were on the 1968 Yoe varsity, and Bobby was a starter on the varsity basketball team.

Dear Santa,

I want a play doctor's kit, a western rifle set, Johnny West set, a combine, a remote control tractor, a 5 piece farm set, a 13 piece construction set, a service garage, and a Ft. Cheyenne with case. Your friend,

A Closer Walk With God Will Lead You Right Straight to Church

Luke tells us what Christmas is all about in chapter 2, verse 14, when he shouts — **Glory To God In The Highest, and On Earth, Peace And Good Will To All Men.** It takes only two words to speak the Christmas Message, — "glory" and "Peace." These words express the glory of God as no others do. That historic babe, born in a manger, has transformed a whole world. His spirit means Christmas in the life of humans such as we. In Him is embodied the love, patience, and essential goodness of the best man who ever lived — Jesus. He is the true example of the God of power and righteousness. Men knew he was all-powerful but had never known He was all-loving. We must not wallow away Christmas Day by guzzling up our blessings in dismay. Let us give of our best in the spirit of Joy. Exchange gifts, if you may, in memory of Him who taught us that it is always more blessed to give than to receive.

A VERY MERRY CHRISTMAS TO ALL!

Smith's Program For Small Towns Told By Kubiak

Gov. Preston Smith's new program, Texas Communities Tomorrow, is discussed by Rep. Don Kubiak in his newsletter this week. The primary purpose of the program is to enable leaders in smaller communities to find more easily the right person in the right state or federal department or agency in Austin to help in solving the problems and achieving the goals of their communities.

Kubiak noted that in a recent 40-year period, 136 communities completely disappeared from the map because they were unable to make the transition from an agriculture and oil based economy to today's diversified economy.

The Governor's program is designed to keep his from happening to other small communities.

In reviewing legislative action, Rep. Kubiak listed:

SB 411, that generally expands the authority of the Water Development Board so that the board may execute the Texas Water Plan.

SB 208 removes exemption of handicapped children from compulsory school attendance requirements if adequate educational facilities exist in the state.

SB 39 exempts nonprofit nursing care homes and housing for low income elderly.

The act providing special education services for "exceptional children" has been expanded by SB 112 to include pre-natal girls who are residents of or under the care of licensed maternity homes.

Mrs. Clara Gill

Mrs. Clara Gill Houston, 87, of 1462 N. Travis Street in Cameron, died Tuesday night.

Mrs. Houston was born November 21, 1882, the daughter of Mr. and Mrs. Charles Chaslin. She had lived in Cameron most of her life.

Funeral services were held at 2 p.m. Thursday in the chapel of Green's Funeral Home, with Rev. Wirt Skinner officiating. Burial was in Oak Hill Cemetery.

She is survived by two sons, Curtis and Grady Gill, both of Cameron; two daughters, Mrs. Bessie Bross of Abilene and Mrs. Birdie George of Soap Lake, Wash.; three step-sons, L. P. Houston of Snyder, C. L. and Ed Houston; one step-daughter, 13 grandchildren, 35 great-grandchildren and three great-great-grandchildren.

Green's Funeral Home was in charge.

TSTA Has Record

Membership List

Of Texas Teachers

AUSTIN —The Texas State Teachers' Association, largest professional organization in the state, has surpassed its 1967-70 membership goal of 124,000.

L. P. Sturgeon, executive secretary, said that TSTA membership hit a record 125,279 on December 16. The count may reach 127,000 before the books are finally closed on 1967-70 membership. Sturgeon said, The 125,279 total includes 5,458 life members.

Highest previous membership ever for TSTA was the 122,228 recorded in 1967-68. Last year, despite a dues increase from \$10 to \$18 per year, the total dropped only slightly to 122,832 members.

TSTA membership includes college educators, public school administrative personnel, and classroom teachers from every county in the state.

The Texas association is the second largest state teachers' association among the 50 states, outranked in membership only by California.

About 96 percent of all teaching and administrative personnel in the Texas public schools are members of TSTA, Sturgeon said.

LEGAL NOTICE—

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF CAMERON, MILAM COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.
BE IT ORDAINED BY THE CITY COUNCIL OF CAMERON:

SECTION 1. Effective with the first gas bills rendered after the final approval of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Cameron by Lone Star Gas Company, a Texas corporation, its successors, and assigns, is hereby fixed and determined as follows:

First 1,000 cu. ft. or fraction thereof \$2.22 Gross; \$2.00 Net
Next 4,000 cu. ft. at \$1.0744 per Mcf Gross; \$.867 per Mcf Net
Next 15,000 cu. ft. at \$.744 per Mcf Gross; .577 per Mcf Net
Next 30,000 cu. ft. at .8967 per Mcf Gross; .707 per Mcf Net
Next 50,000 cu. ft. at .8411 per Mcf Gross; .657 per Mcf Net
All Over 100,000 cu. ft. at .7967 per Mcf Gross; .617 per Mcf Net.
No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

ADJUSTMENT

The amount of each net monthly bill computed at the above stated rates shall be subject to the following adjustment: Plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1969, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of this adjustment; however, failure of Company to apply such adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make such adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.
The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.
In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.
PASSED AND APPROVED on first reading on this 2nd day of December, A.D. 1969.
FINALLY PASSED AND APPROVED on second reading on his 16th day of December, A.D. 1969.
S. E. A. Perrin, Mayor
City of Cameron, Texas

ATTEST:
J. P. Fuller, Secretary
STATE OF TEXAS
COUNTY OF MILAM
I, J. P. Fuller, Secretary of the City of Cameron, Milam County, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed by the City Council on first reading on the 2nd day of December, 1969, and was finally passed and approved by the City Council on second and final reading on the 16th day of December, 1969, all as appears of record in the Minutes of said City Council in Book 10, page 413.
WITNESS MY HAND AND SEAL OF SAID CITY, this 17th day of December, A.D. 1969.
J. P. Fuller, Secretary
City of Cameron, Texas

When fierce Pacific winds buffet San Francisco, radio announcers often broadcast "small - car warnings on Golden Gate Bridge." National Geographic says.

Icelandic ponies average only 13 hands, or 52 inches tall, National Geographic says. The breed of rugged beasts has changed little since Norsemen brought the first ones to the island more than a thousand years ago.

State Unemployment Insurance Tax Rate Will Go Down In 1970

Almost all taxes go up these days, but the State unemployment insurance tax paid by Texas employers will go down again in 1970, for the third straight year, according to Commissioner W. S. Birdwell, Jr., Employer Representative on the Texas Employment Commission.

"This means that the tax rate of these employers will be reduced by 1.2 percentage points from the calculated experience rate on which the tax is based," says Birdwell. The decrease rates become effective January 1, 1970. A statute provides that whenever the amount in the Unemployment Compensation Fund exceeds \$50 million on any October 1 computation date, there is a reduction in the calculated experience rate.

Dear Santa Claus,
How are you? I am just fine. Christmas is my favorite holiday. I like the decorations and good smells and getting and giving gifts and almost everything about Christmas Day. Christmas Eve is exciting around the cedar tree and sing and talk until it is time to go to bed. Last year I memorized the Christmas Story. This year I am sad because we cannot have a cedar tree. My brother and I are allergic to cedar and pine trees. Every Christmas Eve my brother and I get up and look at the presents after you have gone. It's really
Prancer your lead reindeer, or is Rudolph still on the job? This is what I want for Christmas: a doll with curly hair, a spirograph, and a set of little games. I have been a good girl. Well, I have to say goodby. Your friend,
